ISSUED TO THE SUBSCRIBERS BY PHILLIMORE & Co., LTD.,

1910.

P R E F A C E .

The fifth volume of the Marriage Registers of Norfolk is now placed in the hands of the subscribers.

It contains the Marriage Registers of thirteen parishes, besides additional Marriages at Castleacre for the seventeenth century, taken from the Bishop's Transcripts. The eighteenth century Registers of Castleacre were printed in the first volume of this Series. It will be noticed that the Registers of several parishes are brought down to 1837 instead of 1812 and the Editors hope in the future volumes of the Norfolk Series to print all the Registers down to 1837, which, being the date when Civil Registration began, seems a more appropriate and convenient stopping place than 1812.

It has not been thought needful to print the entries verbatim. They are reduced to a common form, and the following contractions have been freely used :—

w.=widower *or* widow.

co.=in the county of.

lic.=marriage licence.

p.=of the parish of.

dioc.=in the diocese of.

It must be borne in mind that the existing early Registers are themselves but transcripts, made under the order of Elizabeth in 1597, from the original paper Registers.

It should be remembered that previous to 1752 the year was calculated as beginning on the 25th of March, instead of the 1st of January, so that a Marriage taking place on say 20th February, 1625, would be on that date in 1626 according to our reckoning ; but as the civil and ecclesiastical year were both used, this is sometimes expressed by 20th February, 162⁵.

In all cases where the Marriage is stated to have taken place by licence, that fact is recorded, as the searcher thereby knows that further information as to the age, parentage and vocation of the parties is probably recoverable from the Allegations in the Archdeaconry or other office from which the licence was issued.

Thanks are due to the Rev. R. Fetzter-Taylor and Miss Fetzter-Taylor, the Rev. J. Harvey Bloom, the Rev. F. Percival Farrar, the Rev. L. B. Stallard, the Rev. T. S. Cogswell, and Mr. F. Johnson for the labour of transcription and collation ; and to the various incumbents, whose names are mentioned under their respective parishes, for permission to print.

No index is issued with this volume, as the Editors consider that it will be better to have one general index for the county on the completion of the work, instead of several for the various volumes.

It may be well to remind the reader that these printed abstracts of the Registers are not legal "evidence". For certificates application must be made to the local clergy.

The Editors will gladly welcome help in the work of transcribing the Registers. It is only by volunteer assistance that it becomes feasible to issue this series of Parish Registers, and subscribers will greatly aid if they will take every opportunity of making known the existence of this Series. It should then be possible, as in other counties, to issue two volumes yearly.

Marriages at Runham,

1538 to 1812.

NOTE.—Volume I contains Marriages, 1538 to 1785, together with Christenings and Burials from 1538 to 1812.

Volume II contains the Marriages 1805 to 1812.

Between 1700 and 1800 the books seem to have been carelessly kept—it seems probable that either many Marriages were never entered, or they were written in another book which has been lost. It seems impossible that no Marriage should have been celebrated for twenty years (1785 to 1805) in a parish of this size.

These entries have been carefully extracted from the original books by the Rev. G. Hunt Holley, Vicar of Runham, and are printed under his supervision.

Marriages at Woodton,

1538 to 1812.

NOTE.—Volume I of the Marriage Registers at Woodton Church, Norfolk, begins in the year 1538. It contains also Baptisms and Burials, and continues down to the close of the year 1739. It is of parchment, in a modern binding of rough calf, and labelled: "Woodton, Norfolk, Registers from 1538 to 1739". Size $15\frac{1}{4}$ in. by $5\frac{3}{4}$ in. (but at least $\frac{1}{4}$ in. of the parchment has been taken up by the binding), in good condition, and the writing on the whole very legible.

Volume II is of parchment, bound in rough brown leather. Size 13 in. by $6\frac{1}{2}$ in. Contains entries from 1740 to 1798, the Marriage entries from 1755 being duplicates of those in Volume III.

Volume III is an Act of Parliament Register, bound in white vellum, $10\frac{3}{4}$ in. by $8\frac{3}{4}$ in., containing the Marriages from 1755 to 1812.

The above Registers are of interest as there are entries of the Sucklings, who acquired the Woodton estate towards the end of the sixteenth century. Sir John Suckling, the cavalier poet, was a member of the same family. So was Catherine Suckling, Lord Nelson's mother. The great Admiral is considered to have been named after Horatio, second Lord Walpole, but it is noticeable that the Baptism of "Horatio Suckling" occurs in the Woodton Registers in the year 1665.

These Marriages have been copied by the Rev. R. Fetzer-Taylor and Miss Fetzer-Taylor, by leave of the Rev. F. Lee, Rector of Woodton.

Marriages at Ditchingham,

1559 to 1812.

NOTE.—Volume I is a small thin volume of parchment in covers of the same material, measuring $9\frac{3}{8}$ in. by $5\frac{3}{4}$ in. The parchment is very thin, and in many places much discoloured. It is in fair condition, and the writing, though poor, is on the whole legible. It contains the Marriage entries from 1559 to 1638, as well as Christenings and Burials. It has no title or general heading.

Volume II is of parchment, re-bound in white vellum, labelled "Parish Register, Ditchingham, Baptisms, etc., 1637", and inside the cover: "This Parish Register of Ditchingham was re-bound in the year 1896, J. C. Scudamore, Rector; Henry Rider Haggard, William Carr, jun., Churchwardens." The leaves measure $11\frac{1}{2}$ in. by 6 in. It is in good condition, and the writing on the whole very legible, but the entries occur in the most irregular manner. From 1654 to 1657 inclusive the Marriages are fully entered as taking place before a Magistrate, in a form of which the following is a specimen: "18 of September 1654, Edmund Kinge of Ditchingham in the County of Norfolk, singleman, and Martha Vincent of the same parish, singlewoman, after three severall dayes of publication at Ditchingham Church accordinge to the Late Act of Parliament dated August 1653, were marryed in the presence of these Witnesses, Robert Browne and Samuel Warren, by Robert Gooch, Esquire, Justice of the publique peace. Given under my hand the day and yeare above written (Signed) Robert Gooch." All the other Marriages of the same kind are stated to have taken place before Phillip Bedingfield, and are signed by him.

Volume III is of parchment, $6\frac{1}{8}$ in. by $13\frac{3}{4}$ in., bound in cardboard covered with parchment. It contains the Marriages from 1707 to 1754. The first two, however, are also entered in Volume II. It is in good condition.

Volumes IV and V are Act of Parliament Registers. The former comes down to March 1806, and after that, though the Book is not full, the entries are continued in Volume V down to 1812.

These extracts have been made by the Rev. R. Fetzer Taylor and Miss Fetzer Taylor, by permission of the Rev. J. C. Scudamore, Rector of Ditchingham.

Marriages at Mautby,

1663 to 1834.

NOTE.—The absence of any early Registers is explained by the following note at the beginning of Volume I:—"This Booke was bought by Francis Rowe, Churchwarden, May the 9th, 1663. The former Register being buried in the cinders of the parsonage house among 2,000 other books burnt May 22nd, 1651."

Volumes II, IV and V, are his usual books of forms adopted from 1754 to the commencement of the modern system of registration.

These extracts have been made by the Rev. G. H. Holley, and are now printed under his supervision by leave of the Rev. T. Norris Dredge, Rector of Mautby.

Marriages at Topcroft,

1557 to 1813.

NOTE.—The Marriage Register at Topcroft Church begins in the year 1557. The first volume, containing also the Baptisms and Burials, with a few miscellaneous entries of comparatively modern date, is of parchment, bound in vellum, and in good condition. It measures $13\frac{1}{4}$ ins. by $6\frac{1}{8}$ ins. The heading of the first page is "Topcroft. The Regester boke for Crystenyngs, Maryages, and Buryalls". The first forty years, transcribed from an earlier original in accordance with the Canons of 1597, are beautifully written. This volume comes down to the year 1754.

The second volume is also of parchment, in a rough leather binding, measuring 16 ins. by $11\frac{1}{8}$ ins. The last entry, on a longitudinal strip of parchment, is in the year 1802.

There are three other volumes containing entries more or less duplicates of the above. They have been collated with it. One, an Act of Parliament Register coming down to the year 1813, has been used for the entries since 1801, excepting those for 1803 and 1804, which are contained in one of the other volumes.

These Registers have been transcribed by the Rev. R. Fetzer Taylor and Miss Fetzer Taylor, by the permission of the Rev. G. H. Sykes, Rector of Topcroft, and are now printed under his supervision.

Marriages at Thwaite St. Mary,

1539 to 1837.

NOTE.—Thwaite St. Mary, so called to distinguish it from a place of the same name in another part of the county, is a very small parish possessing a little church with an especially fine Norman doorway.

The first volume of the Registers is of parchment, in a later binding of rough leather, $12\frac{1}{2}$ in. by $6\frac{1}{2}$ in., in very fair condition. The earliest entry is a Baptism in the year 1539, but of course all entries down to 1599 have been copied into the present book from the original register. The first Marriage entry occurs in 1545, the first Burial in 1540. This volume begins with the following paragraph and no other heading:—

“Anno Domini 1599. Att the speciall commandement by Act of Parlament and by Injunction of the famous and renowned Princes Elizabeth by the Grace of God of England, France and Ireland Queene, Defender of the faith, and in earth supreme Head and Governesse of this Realme as well in causes ecclesiasticall as temporall, was this present Booke of Regester made and written the seaventeenth day of the moneth of June in the yeere of our Lord God one thousand fyve hundreth nynie nyne. And in the yeere of the Raigne of our Queenes most eccelent majestie, our Sovereigne Ladie Elizabeth, the one and fortie. And as a Regester to be kept and contained from the day of the makeinge hereof, for ever to be kept in the Parish Church of Twayght, in the countie of Norffolke, therein to be recorded and written everie Sunday after everie Christninge, Mariage, and Buriiall, the same to bee written by the Minister in the presence of the Churchwarden according to her most Gracious Will and Pleasure. Robert Westoe beinge Parson the same yeere and tyme, and John Gostlinge, Churchwarden their.”

This heading would be most difficult to decipher had it not been for the care of Robert Westoe above mentioned, who in 1607 copied it out again with the Christenings to the year 1578, as he notes in the following memorandum:—

“Memorandum. This Regester Booke was begon to be written over again because of the defect and badness of the parchment, per me Robertum Westoe, clericum, Rectorem ecclesiæ parochialis de Twayte.”

The ejectment of the Rector in 1664 by the Parliamentary party is thus noted:—

“Anno 1644. Memorandum. That the 23 of May anno predicto Charles Riggs was sequestered by the authority of Edward, Earle

of Manchester, both from officiating as minister in the Cure of Twayte, and likewise from the receiving of the profits of the same, which ejection or sequestration was served on him the 2nd of June following. And upon the 14th of February anno eodem Edward Barker, clarke, was installed by the sayd Earle into the sayd sequestration of Twayte, etc."

On the last page of the Book—"Mr. Riggs entered this living of Twayt the twentie eight day of October 1660." It is apparently the record of his restoration.

From 1599 to 1695 the entries of Christenings, Marriages, and Burials are intermingled.

Volume II is an Act of Parliament Register containing the Marriages from 1756 to 1812, and one Marriage in 1817, bound in stiff covers, covered with rough leather.

Volume III contains Marriages from 1813 to 1837.

The entries have been copied by the Rev. R. Fetzer Taylor and Miss Fetzer Taylor, by permission of the Rev. Canon Acheson, the Rector of Thwaite St. Mary.

[*There are no Marriages between 1834 and 1837.*]

Marriages at West Newton,

1561 to 1837.

NOTE.—The Marriages at West Newton previous to 1837 are contained in four volumes.

Volume I consists of fifty-one leaves of parchment, now neatly bound together between vellum covers; the original measurements of each leaf averaging 12 in. by 8 in. Not less than three leaves are missing; but otherwise these early records are in a very fair state of preservation. This volume contains entries of Baptisms from 1560 to 1783, of Marriages from 1561 to 1754, and of Burials from 1608 to 1780; but no method seems to have been observed in the order of records, which wander about in the most disconcerting manner. The earliest entries are apparently in the handwriting of Robert Fielding, who was Rector of West Newton circa 1591 to 1607. During the period of the Commonwealth, seven Marriages are recorded to have been declared valid by "John Pell, Esqr., Justice of the Peace for the said county of Norfolk . . . according to the late Act touching marriages". But in 1657, we find the following significant entry: "Upon the 29 day of Sept. 1657, the priwilidge of marrieing came into the hands of the clergie as formerly." In this volume are bound up certain Briefs for various objects; and one leaf of Baptismal Registers for "the Hamlet of Appleton". Appleton, consisting of a farm, six cottages, and a ruined church, is, by a strange anomaly, still a separate parish for ecclesiastical purposes, and can only be held by the Rector of Sandringham and West Newton by special license from the Archbishop of Canterbury.

Volume II is a book of printed forms, containing a Register of Marriages between the years 1754 to 1787, 1791 to 1812, as well as Banns of Marriage [very irregularly kept] between 1754 to 1877.

Volume III, also of printed forms, records Marriages between October 5, 1787, to December 28, 1789; Baptisms, September 30, 1787, to April 6, 1789; and Burials, July 20, 1787, to June 30, 1790.

Volume IV contains Marriages from 1813 to 1837.

These extracts were made by the Rev. J. Harvey Bloom, assisted by the Rev. Percy de Putron, formerly curate of Sandringham, now Rector of Stow Bardolph. They have been revised by the Rev. F. Percival Farrar, Rector of Sandringham, West Newton, and Babingley, and Vicar of Appleton.
